Traffic Deaths Claim 3 Lives Over Weekend

By The Associated Press The young and the old were the center of tragedy on Michigan highways this weekend, as they accounted for all but five of the 31 traffic fatalities.

The deaths matched the year for a weekend in Michigan. On the weekend of May 24, 31 persons also were killed.

The list of dead included five Marines, aged 19 to 21, who were en route from Camp Lejeune, N. C., on weekend passes to visit their families in Michigan. They were killed Saturday when their car hit a concrete guard on I-75 seven miles south of Monroe.

Only five of the victims were between the ages of 24 and 60. Edward Butkrewicz, 58, of Detroit, was in a three-car ac-

cident in Detroit Sunday night. The accident involving the five Marines was the worst in the state, but there were five other accidents in which two persons

day collision at a Genesee County intersection. Gary Bar, 24, and Mitchell Carter, 23, both of Grand Rap-

ids, as their motorcycle and a car collided Friday night at a Grand Rapids intersection.

Rocky Starts 3rd Latin Tour

Nelson A. Rockefeller leaves today on the third leg of his trouble-plagued presidential mission to Latin America. Demonstrareception in Brazil and Uru-

The New York governor was to depart from Kennedy Airport at 8 a.m. on a nine-hour nonstop flight to Brasilia, Brazil's modern, backwoods capital.

His three-day visit to Brazil, Latin America's largest and most populous country, will be his longest stay in any one nation on this tour.

Since Rockefeller began his fact-finding mission for President Nixon in Mexico City May 11, his tour has aroused protest demonstrations and violence that left at least three dead and

scores wounded. Peru, Venezuela and Chile asked him to postpone or cancel his stop there. Because of threatened violence, his call on Bolivia was reduced to a two-

Bolivia was reduced to a two-hour airport stop.

The value of a "blitz-type" tour and the wisdom of contintour and contintour an uing it amid such hostility has been questioned by leading businessmen and newspapers in many Latin American countries and also in the United States.

Sen. Frank Church (D-Idaho) described the mission last week as a "farce" that should be end-

Pompidou Is Elected President Of France

Britain May Gain Entry In Trade Market

pidou promises to be more liberal than Charles de Gaulle in several areas of foreign policy if he holds true to his campaign statements.

If there is a change, it could be in France's positions on Britain's entry into the Common Market and the arms embargo to Israel.

But Pompidou's views on maintaining France's aloof role n the North Atlantic Alliance and improving relations with the United States while maintaining friendly ties with the Soviet Union reflect attitudes held by De Gaulle.

Here are extracts from Pompidou's foreign policy statements during the campaign:

Common Market: "I'm in favor of enlarging the organization in a way that would permit it to find its true balance and the capacity to play its role in the world. That means ... the problem of British membership

in the Common Market must be examined in a most open but also most complete fashion." Middle East and the French

arms embargo to Israel: Stating that he was in favor of a general embargo, Pompidou added: "If it turns out that the embargo for all the belligerents

Pledges To Be More Liberal In Foreign Affairs

Monday, June 16, 1969

PARIS (AP) - After serving 25 years in the shadow of Gen. Charles de Gaulle, a former school teacher called Georges Pompidou will succeed the general as president of France.

Though promising fidelity to the policies of De Gaulle, Pompidou has pledged to be more liberal, particularly in foreign affairs, and promised to enlarge his government to bring in new

His personal style also is expected to be less grating to friends and allies than De Gaulle's often high-handed, uncompromising manner.

One of Pompidou's first acts as president is expected to be the appointment of Jacques Chaban-Delmas as premier. Chaban-Delmas has been one of De Gaulle's most faithful supporters since World War II days and president of the National Assembly since 1952.

Predicted

The victory had been widely forecast and was never in doubt from the minute the first returns came in Sunday. Fired as De Gaulle's premier a year ago, Pompidou, 57, rolled up a bigger margin in Sunday's election than the general himself gained in the 1965 presidential election.

Hiawatha Forest: Keyed To Recreation

Recreation Staffman Hiawatha National Forest

Twenty-two public campgrounds with facilities for 675 families have now been readied for the coming summer season in the Hiawatha Naional Forest. These supplement the many state and private facilities that are now in operation in the eastern part of the Upper Peninsula.

The camping units are available on a first come - first served basis. Occupancy of any one site or area during a calendar year by one family or party is limited to 15 days. Unless approved by the District Ranger, possessions may not be left unattended at a campsite for more than 24 hours.

This year the Golden Eagle Passport is again being offered as the Nations finest recreation bargain. It is a \$7 card which admits its baerer and all occupants of his car to any federally owned recreation area an unlimited number of times during the year from April 1, 1969 to March 31, 1970.

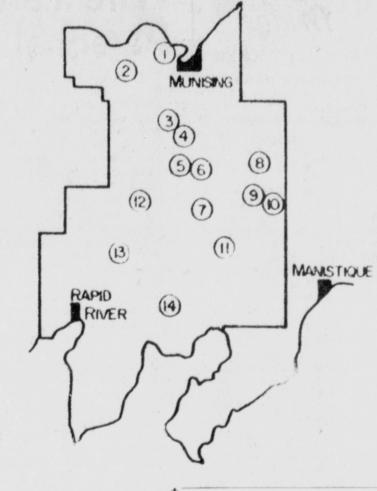

Campgrounds Shown The \$7 passport will admit campers to all campgrounds in the Hiawatha. Visitors who do ed at Camp 7 Lake Bathing, not have the passport will be Picnic and Boating Site (11), required to pay a \$1 daily en-

Roads To Parks

The Michigan Department of Natural Resources completed a new campground at Indian Lake State Park in Schoolcraft County three years ago. The campground, which contains 100 campsites, is located on the west shore of Indian Lake, four miles north of M-149.

Only one of the 16 state parks in the Upper Peninsula is more heavily used by campers than Indian Lake State Park, so it was necessary for the department to develop the campground on the west shore to meet some of the demand for camping space in this popular park. Last year, more than 3,000 camping parties were registered in the new campground, and thereby hangs a

The heavy use of the area by campers naturally generated increased traffic from blacktopped M-149 over the four miles of road to the campground. Only the first of those four miles is graveled. The remaining three miles is sand road that is scarcely the type of surface to bear the volume of traffic generated by the camp-

The Schoolcraft County Road Commission's specifications call for seal coating a road whenever the road averages more than 100 cars a day. The road from M-149 to the west campground averages 473 vehicles daily.

The situation is similar in Delta County. where state development of Fayette State Park has placed a heavy traffic burden in summer months on County Rd. 483 from US-2 some 18 miles to the park on the Garden Peninsula.

Last year nearly 100,000 visitors made the trip to the park, resulting in wear and tear on the road significantly above that which would result from strictly local traffic.

The state — through tourist promotion and highway signs — draws a lot of people to both parks. Once they've arrived, however, traffic is funneled onto three miles of unimproved road in Schoolcraft County and only 18 miles of deteriorated blacktop in Delta County.

Somehow, this doesn't seem the proper way to introduce visitors to two of the Upper Peninsula's most heavily used parks.

How can the problem be solved?

Ordinarily, responsibility for county roads rests with the county. But the Schoolcraft County project is estimated to cost a quarter of a million dollars and just to resurface 18 miles of County Rd. 483 with blacktop would cost Delta County nearly \$200,000.

Neither county has that kind of money. admits to being a small--c com-Schoolcraft County, for example, is the fourth munist, harangue the delegates largest county in Michigan in land area, but the third smallest in income from motor vehicle

Because of the financial problems, spokesmen from Schoolcraft County appealed for help from the Michigan Natural Resources Commission when the Commission held its monthly meeting at Blaney Park last week. (Delta County previously had asked the State Highway Commission to take over maintenance of County Rd. 483 and was advised that Henrik E. Stafseth, director of the department, was ordered to study the situation.)

At the National Resources Commission meeting, Glenn Gregg of Lansing, deputy director of the DNR, told the commission he saw three possible solutions to the problem. Gregg, who formerly was stationed in Marquette as Upper Peninsula parks and recreation supervisor for the department, said the road could be built (1) by the county (which presently lacks funds for the project) or (2) by giving it higher priority in the State Highway Department construction program or (3) by a direct appropriation of funds from the Legislature.

Of the three approaches, the last appears by far the most expedient—for both roads. It would not be the first time state parks roads have been built in the Upper Peninsula with direct legislative appropriations. A road for Tahquamenon Falls State Park was financed in this manner and so was a road for the Porcupine Mountains State Park.

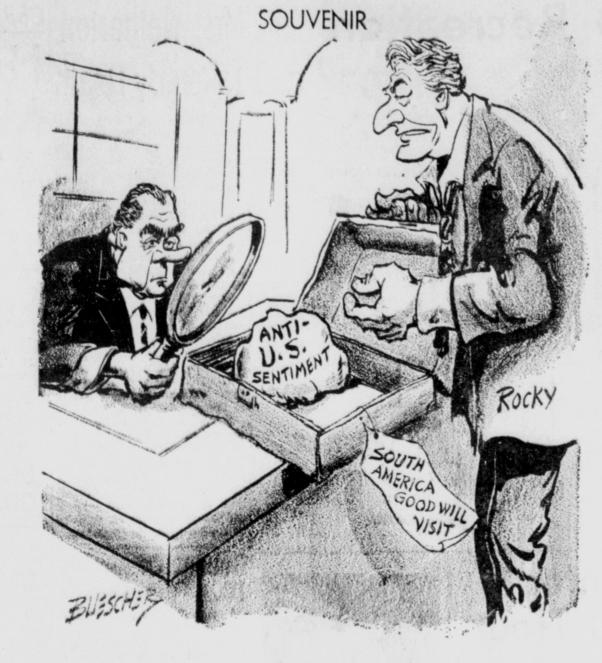

The Legislature should be persuaded of the need for these projects in the interests of improved tourist facilities and convinced of the necessity for providing the funds to finance the projects.

Peninsula Potpourri

A citizens committee appointed in Marquette at the request of Michael M. Powers, executive vice president for Royal Oak Charcoal Co., will attempt to find other industrial and commercial uses for Royal Oak buildings and land. The company, largest employer in Marquette, will close its operations within several months.

A 74-year-old woman was ticketed by Mun-Ising police for making an improper start after she stepped on the gas instead of the brake and her car burst through the front of the Corktown Bar, narrowly missing several customers. The car lurched forward through a plate glass window, knocking over a two-foot high brick wall, a five-foot long iron " 'iator and continued into the building, hitting the piano and bar. The car was backed from the building and driven away.

A \$3,500 gift to the Walker Cisler College Center fund drive at Lake Superior State College from the Copper Range Co., White Pine, the first of a proposed series of contributions by the firm, will be added to \$66,000 already reported in the local area fund drive. A state wide drive for \$500,000 toward the construction of the \$1 million center is being conducted by a state committee, headed by Frank S. Hoholik of Manistique, with Prentiss M. Brown Sr. of St. Ignace as honorary co-chairman. Local area goal is

Forces For Rationality On U.S. Campuses Grow

By JOHN CHAMBERLAIN

The opposed forces for violence and for rationality on the U.S. campuses have both designated June as their planning month. A crucial question is: which side will get the oh, so advantageous publicity in the so-called mass media?

Count on the Students for a Democratic Society, which has scheduled its annual conference for this weekend, to get maximum coverage.

The flash bulbs and the TV cameras will be there to catch Secretary Mike Klonsky, who tory democracy. This takes in everyone outside of 199,999.999 squares who are tired of supporting federal aid to education for campus rioters.

Whether the anti-SDS meetings will have ample coverage or not is, as the saying goes, another story. The second annual National Leadership Conference for Young Americans will be held at Lake Forest College, in the Chicago suburb of Lake Forest, during June 22-

Among the speakers will be Professor Miroslav Todorovich, executive secretary of University Centers for Rational Alternatives. Dr. Todorovich is not so famous as SDS-er Mike Klonsky, but his organization has been gathering quiet strength all over the U.S. This is thanks to the tireless traveling of its chairman, Professor Sidney Hook, who retired as head of the philosophy department of New York University a year ago thinking he might get around to writing more

* * * Instead of contributing to scholarship, Hook has found it necessary to tell our college administrators what they should already know, that "places where persons assemble to inquire, to learn, to teach, to reason together should be considered sacred ground," and that "whoever desecrates such places by violence or the threat of violence should feel the brunt of criticism by the entire com-

Another speaker at Lake Forest will be former Congressman Walter Judd, who ought to be one of Dr. Henry Kissinger's White House advisory group on foreign affairs, Dr. Judd, who learned about East Asia the hard way in an early life as a medical missionary in China, will be flanked by Professor Thomas Molnar of Brooklyn College, by news the Senate. commentator Fulton Lewis III, by Dr. Kenneth Wells, Director of the Freedoms Foundation, by Ed Butler, the publisher of the Westwood Village Square, by Bill Rusher, the publisher of National Review, and others who have made a specialty of combating the campus influence of the extreme Left.

The youth leaders at Lake Forest will include Larry Kihnel of New Orleans, Alan Bock vitz of UCLA, Mark Rhoads of George Washington University, Alan Brownfeld, editor of the paigne, Jr., editor of a suburban Chicago newspaper, the Daily Calumet. None of these youth leaders is as famous as verse City home. Mike Klonsky, but that is state of our society.

Speaking of lack of fame, to do it for a while," he added. luncheon was served.

ney Hook's University Centers for Rational Alternatives is paralleled by a National Council of Scholars, chaired by Professon David Rowe of Yale and vice-chaired by Professor Joseph Kaplan, an eminent physicist, of UCLA? The National Council of Scholars includes some of the more famous academicians of the land, including Chicago Professor Milton Fried- ing for rationality are no longman (the negative income tax er taking it laying down.

lished a remarkable paper on "Academic Alienation: An Outline of the Problem and of Relevant Action."

Despite the gauze curtain that seems to be drawn over the anti-SDS counter-revolution, you'll be hearing more of the studies which the National Council of Scholars plans to commission. The forces work-

Huge Medals Failed

By HAL BOYLE

NEW YORK (AP)-Things a columnist might never know if he didn't open his mail:

Peter the Great once tried to cure alcoholic Russians during the 18th century by awarding them a medal. The medal weighed 18 pounds and had to be worn around the neck by prisoners sent to jail for drunkenness. Most emerged with more muscular necks - and still thirsty.

The bidding: West North East Pass Pass 4NT Pass Pass 5NT Pass Pass Dble

Opening lead - three of spades.

This deal occurred in 1958 in the match between Italy and Argentina.

At the first table, where D'Alelio and Chiaradia were North-South for Italy, the bidding went as shown. D'Alelio's two heart bid announced a strong two-suited hand, and Chiaradia's three diamond response was natural and indicated good diamonds.

Four notrump was not Blackwood-it simply showed interest in slam and asked partner to further describe his hand. After the five club response, which merely showed rebiddable clubs, Chiaradia announcde interest in a grand slam with a further asking bid of five

However, D'Alelio, missing both minor suit aces, could do no better than bid six clubs, which Chiaradia corrected to six diamonds. Now D'Alelio came to life with six spades, an obvious cuebid, and this in turn elicited siven diamonds. easily made for 2,140 points.

At the second table, where Cabanne and Castro were North-South for Argentina, the bidding was far less complicated but also far less accurate.

West North East South

5 🌲

4 NT

Pass

At this table, East (Belladonna, playing with Avarelli) weighed in with five spades over North's Blackwood four notrump bid. Belladonna's immediate purpose was to interfere with the Argentine bidding, but he was also paving the way for a possible sacrifice against the small or grand clam the Argentinians seemed likely to bid.

Cabanne became declarer at seven clubs and quickly made the contract when he ruffed the ace of spades lead, played a club to the ace, and another club back to the nine!

The finesse succeeded, and the outcome of the hand was an exact tie.

DETROIT (AP) - The Rev. Carl Mehl, executive director of the Greater Detroit Lutheran Council of Churches, terms demands of the so-called Black Manifesto "absolutely absurd.

He also said in an interview attention when approaching an Sunday that manifesto demands for \$500 million from white churches for past mistreatment of Negroes is "an attempt to play on the conscience of the Christian.

Members of the Black Economic Development Conference, headed by New Yorker James Forman, have entered several white churches to read the manifesto.

The Rev. Mr. Mehl said it was his opinion such demonstrations had "been tolerated to avoid unpleasantness, because the audiences were made up of men, women and children."

The interview was conducted by radio station WXYZ of De-

Murder Scare In Ypsi Area

ANN ARBOR (AP)-The tension-taut college cities of Ann Arbor and neighboring Ypsilanti underwent a murder-scare Sunday, fearful for several hours a seventh girl victim might be added to the six slain in less than two years in the area.

None of the crimes yet has been solved, and the latest victim was buried only Saturday. Later Sunday, 17-year-old Delores Patterson of Ypsilanti Township was found unharmed

and returned to her home. She was quoted by police as saying she spent the night with a friend in Flint, 60 miles to the north. She had been reported missing and a widespread search

undertaken when she failed to return home after leaving an Ypsilanti party about 9 p.m. Satur-Meanwhile, Police Chief Wal-

ter Krasny announced it was his opinion whoever attempted Saturday night to break into the Ann Arbor apartment of the sixth young woman murder victim failed to gain entry.

Only a few hours after her funeral at Kalamazoo, someone was reported to have broken into the apartment of Alice Elizabeth Kalom, 21, a University of Michigan coed whose body was found only last Monday in a field on USS Detroit an abandoned farm. She had been raped, shot and slashed.

Chief Krasny said the apartment building owner reported a break-in about 7:15 p.m. Investigation disclosed, Kras-

ny said that a window screen some six feet above ground had been cut, the screen removed get Sound Naval Shipyard. and the window raised. But he added that "in comparing notes fifth ship in history to carry the with previous investigation of name, will be christened by the apartment we feel that entry had not been gained."

IGA MARKET LIQUOR, BEER AND WINE TO TAKE OUT 130 Stephenson Ave. Phone ST 6-2301 \$4.50 per hundred on a loan is 4½% interest, right?

WRONG!

Many car loans are advertised at \$4.50 per hundred. People think this means 41/2 per cent true annual interest. IT DOESN'T. You're actually paying nearly 9 per cent - when you can get it. Not everyone qualifies. It applies only to new cars, depends on the down payment, etc.

Before you buy a car, check with your credit union first. They'll not only give you the true cost on car financing, but rock-bottom rates on a loan as well. It pays to be a credit union family.

Lenore Romney **Blasts Unions**

YPSILANTI (AP) - The wife of Secretary George Romney of the Department of Housing and Urban Development has criticized labor unions for what she called restrictive apprentice practices at Eastern Michigan

Lenore Romney, Michigan's first lady until her husband resigned as governor to join the Nixon cabinet, said Saturday, "Exclusion because of race and special interest demands perpetuate the evils labor struggled to eliminate.'

Objections of building trades to prefabricated housing were scored as Mrs. Romney pointed out the need "for more buildings and more people if we are to respond to one of our nation's most severe inadequacies, housing." However, her remarks were

Mrs. Barbara Norlander, Mrs. Clarence Johnson and Mrs. Donna Pyke are on the lunch committee and all members are urged to attend.

All Saints Parish Guild will hold its annual picnic at Pioneer Trail Park Tuesday. A potluck lunch will be served and those attending are reminded to bring their own table service and a dish to pass. Anyone wishing a ride to the park should be at the church by 11 a.m. In case of rain the picnic will be held in the church basement.

Gladstone city police issued traffic court notices to Phillip J. Fortin, Nahma, failing to yield the right of way; Warren E. Brown, Perkins, failing to yield the right of way; Edward L. Kossow, Rock Rte. 1, no registration plates; and John M. Stropich, 1423 N. 19th St., Escanaba; and Violet M. Reimer, 413 Wisconsin, both for disregarding stop signs.

Boy Drowns When Boat Drifts Away

By The Associated Press Ronnie James Ehlert, 17, of Grand Rapids, became the third person to drown in Michigan over the weekend when his boat drifted away from him while he was in the water at Allegan County's Selkirk Lake Sunday.

State Police said he could not swim. Efforts to remove his body, which were unsuccessful Sunday, were renewed today. Other victims:

Tammy Schwerin, 2, of Lum, who wandered away from her Lapeer County home and was found in a nearby pond late

David R. Bennett, 59, of Chicago, whose boat capsized while he was fishing on Lake Lester outside Allegan Satur-

MANISTIQUE

MICHIGAN TECH students Karl Johnson, left, of Manistique and Garey Johnson of Benton Harbor check out the gyrocopter built by members of the American Institute of Aeronautics and Astronautics at the University. The oneman contraption can lift five times its own weight and fly up to 85 miles an hour. Material and specifications were obtained from Benson Aircraft. The gyrocopter weighs slightly more than 100 pounds. Its single blade is powered by a small engine. The machine has a ceiling of 12,000 feet and can fly about 100 miles on a tank of gas. (Michigan Tech

280,000, with the remaining 69 per cent constituting the nonnative civilian population. In the latest census, the Unit-

ed States had an average population density of 60 persons per square mile. In Alaska, the average density was only fourenths of one person per square mile, roughly equivalent to the density in the American West of a century ago.

Nordin Releases Welfare Report

Welfare payments in Schoolcraft County during April totaled \$33,197.70, according to a report released by David M. Nordin, Director of the Schoolcraft County Department of Social Services.

The April payments are \$168.95 less than payments for March of this year when \$33,-366.65 was allocated.

Under the Old Age Assistance program, 106 recipients received total money payments of \$6,792.00 during April. In March, 108 persons received \$6,756.00.

Aid to Dependent Children payments to 68 families totaled \$12,799.00 during April compared to 63 families receiving \$12,222.00 in March.

Aid to the Blind payments are the same for both March and April. Four individuals received money payments totaling \$448.00.

An increase in Aid to the Disabled program during April is noted with 66 persons receiving a total money payment of \$7,215.00. In March, 61 individuals received a total money payment of \$6,384.00.

Direct Relief (County) payments were slightly higher in April than in March. During March 54 families and individuals received a total of \$5,556.65 in benefits while in April 44 families and individuals received a total amount of \$5,-943.70 in payments.

THE CORPORATE DOLLAR HOW INVESTORS AND EMPLOYEES SHARE Dividends \$23 Retained billior profits \$21.5 \6.8% 6.4% **Employee Compensation** \$293 billion 86.8% Division of U.S. corporate income among dividends, retained profits and employee compensation. 1967 Data: U.S. Department of Commerce

WHAT HAPPENS TO THE CORPORATE DOLLAR -Government figures on division of corporate income should dispel the average American's notion that employes get only a third as much of the national income as do corporations. The latest 1967 figures show that, in line with past years, corporations paid employes \$294 billion while distributing only \$23 billion in dividends among shareholders. That's a ratio of more than 13 to 1. Only \$21.5 billion was retained for capital reinvestment, Employes got 86.8 per cent of each dollar split between employes and net profit, and 92.7 per cent of each dollar split with investors.

French Sculptor Unveils Work

GRAND RAPIDS (AP) veiled his La Grande Vitesse lic schools. this weekend at Grand Rapids.

La Grande Vitesse, which is a rough French translation of Grand Rapids, is a 40-foot high metal sculpture now drawing stares and glares in the western Michigan city.

Residents of the city collected \$128,000 to buy the work of art even though others have condemned it as a piece of rusty

It is the third piece for Michigan. Another is in the sculpture court at the Detroit Art Institute and the third is the fountain at General Motor Technical Center

While in Michigan this weekend Calder was awarded an honorary degree of Doctor of Literature at Grand Valley State

Calder, 70, makes his home base at Sache, France.

Boy Gets Reply To Balloon Note

YPSILANTI (AP) - One of Patrick Shively's balloons finally has brought him a reply from a finder

"Just fooling around in the back yard" June 4, Patrick released a gas-filled balloon that soared skyward, a note attached giving Patrick's home address. He had done such often before.

Last week, Pat, as he signed his note, got a letter from Bob Zeller of Hamilton, Ohio, some 225 miles away, who had found the balloon.

"If you're a girl and would rather have my sister write,' Bob said, "just let me know."

Clean Up Teens

DETROIT (AP) - Three hundred members of the Keep Detroit Beautiful Teens for a Greater Detroit will undertake a major clean-up campaign of the beaches and picnic areas of Belle Isle June 30, and July 1.

The Chamorros are the native population of the island of Guam.

ANTI-PERSPIRANT

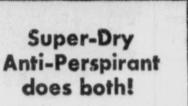

UPEF

DRY

ANTI-

Underarm deodorants stop odor. **Anti-perspirants** check perspiration.

Super-Dry is the finest antiperspirant you can buy. The finest underarm deodorant, too. Read why. Many deodorants and anti-perspirants

are either too strong or too weak.

Weak ones don't control perspiration enough. Strong ones do-but their powerful ingredients often cause

Our chemists found a way to buffer the powerful ingredients without impairing their effectiveness. The result is Super-Dry is both an anti-perspirant and a deodorant.

It contains two powerful moisture-controlling ingredients. No deodorant combines both full strength, this way. Super-Dry also has SD 110, a spreading agent to make it roll-on evenly to control every perspiration duct it reaches. Think what this means!

Super-Dry will keep your underarms so dry you can forget

perspiration rings even in hot weather. Even when you're tense.

Even if you perspire too much. It's made for people who over-

perspire. And of course, you'll never have to worry about odor.
